WHAT USERS THINK

Lia A. RN

As a nurse, it's always a plus to have an easy EMAR! Saves the staff frustration and saves the hospital money for training. I hope more and more facilities will use it.

Dr Kevin R

This is great, now I can access it on my Android. This is awesome

Mark H.

What a great software program!

EMR DIFFERENTLY

WITH THE KONA 2.3 EMR CLIENT FROM ELECTRONICMEDICALRECORD.ORG

We know the KONA 2.3 EMR client works because we have extensively tested the system and have completed mock visits, insurance history, and medications for test patients in a live format to show you what we mean. There is nothing we want to do more that to provide your organization with an effective and secure Electronic Medical Record software system.
